

## NOT A SIGN OF RELIEF IN SIGHT

Weather Bureau Predicts a Continuation of Present Torrid Spell.

## HEAT INCREASING

Humidity Is Added to the Blistering Weather in New York City.

## DEATH ROLL LARGER

Washington, July 3.—The weather bureau officials stated this morning that no indication has appeared anywhere in the country of a general permanent relief from the heat wave. It was explained that yesterday's thunder storms were purely local and only temporary in effect. Continued high temperature is predicted for an indefinite period throughout all the territory affected by the recent torridity.

Humidity in New York. New York, June 3.—The torrid wave is still here. At 8 o'clock this morning the temperature was 87. The torture of humidity is added to the blistering heat. Today's humidity is the one thing that has been feared since the hot spell began. Its absence alone has saved the city from the worst heat calamity in its history. Its advent early this morning, however, has declared that the seventh day of the hot wave might be the worst of all. Eight deaths were reported from midnight to 8 o'clock, making 345 since the hot spell began.

Effect of Great Heat. New York, July 3.—Special dispatches to the newspapers show the effects of the heat in eastern cities have been most disastrous. Business has been suspended, great mills closed down and the hospitals overtaxed in trying to care for the unprecedented number of prostrations. The following figures show the deaths and prostrations in several of the more important cities.

	Deaths.	Prostrations.
Greater New York	124	250
Philadelphia	15	2,000
Washington	8	100
St. Louis	4	7
Kansas City	0	4
Cincinnati	2	16

Deaths from the heat in New York yesterday numbered 124. The total for the torrid period beginning June 28 to date is 267. The prostrations yesterday included 250 not including those who died.

A poll of the leading cities and towns throughout the country indicates that 1,500 persons have been taken out of the world by the awful heat the past five days. The majority of those were in New York, Philadelphia, Chicago, Boston and Baltimore. The total number of prostrations runs up into the tens of thousands.

## WAUKESHA WILL GREET LIBRARIANS

Annual Meeting of the American Library Association Begins There This Evening.

Waukesha, Wis., July 3.—About forty members of the American Library association arrived in the city this morning. The majority of the delegates will come this afternoon. Among the first to register at the Fountain house, were Herbert Putnam, librarian of the congressional library, and President Carr of Philadelphia.

The first meeting which will be an introductory one, will be held this evening. The address of welcome will be delivered by Mayor R. L. Gove.

## OFFICERS KILL 5 NEGROES.

"Blind Tiger" in Mississippi Is Ralided with Fatal Effect.

Friar Point, Miss., July 3.—A report received from the southern part of Coahoma county states that Deputy Sheriffs Frank Johnson, Edgar Montroy and Frank Mullen were fired upon by negroes upon entering an alleged "blind tiger." The fire was returned and a fusillade of shots was exchanged. It is stated that four negroes were killed outright, and a fifth has since died, as a result of the officers' deadly aim. The white men escaped uninjured. No further details are at hand. The officers went to the place where the shooting occurred to investigate a complaint from several citizens that "blind tigers" were running in violation of the law.

## Mr. Gompers' Rapid Recovery.

Washington, July 3.—President Gompers of the Federation of Labor, who suffered concussion of the brain as a result of a fall from a street car last week, is progressing rapidly toward recovery. He will go to Deer Park, Md., to-day.

## SERVICES HELD ON HOLY HILL

Feast of Visitation Virgin Celebrated in St. Mary's Church

Hartford, Wis., July 3.—The feast of the Visitation of the Virgin was celebrated at St. Mary's church on Holy Hill with solemn services. The feast was well attended, about 1,000 being present from Chicago, Milwaukee, Madison, Beaver Dam, and other places. Masses began at six o'clock and began with solemn high mass.

After mass a statue of the Savior after the crucifixion, resting in the arms of Mary was dedicated, Father Thiesen performing the ceremony. The statue is life size and is a work of art. During the afternoon the stations of the cross were made by the pilgrims before their return to town to take the trains for home.

## CROPS NOT MUCH HURT BY THE HEAT

Weather Bureau Reports Corn Has Made Good Growth and Wheat Has Ripened Rapidly.

Washington, July 3.—The crop report issued by the weather bureau today says that in the districts east of the Rocky Mountains, the week ending July 1 has been intensely hot. East of the Mississippi river the excessive heat thus far has caused no serious injury, but in portions of the Ohio valley, Tennessee and the central gulf states rain is much needed.

Corn has made good growth in the principal corn states but is suffering for rain in Missouri and Kansas.

Under the high temperature of the week grain has ripened rapidly and the harvesting of winter wheat has made rapid progress, being nearly finished in Kansas and Missouri, and threshing is well advanced in the central valleys.

All reports respecting tobacco are favorable, with the exception of those from Tennessee and South Carolina, the crop needing rain in the former state and suffering from lack of cultivation in the latter.

The outlook for apples is scarcely as encouraging as in the previous week, many important apple states reporting prospects for light yields.

Wisconsin.—Extremely high temperatures with severe local storms in central and northern counties, winter wheat and rye badly lodged in some sections by high winds and excessive rains; oats and barley injured to some extent by extreme heat; corn much improved and growing rapidly; much clover harvested and generally secured in good condition; tobacco doing well where moisture is sufficient; rain needed in southern counties.

## CONFERENCE CAMP OF YOUNG WOMEN

Several Hundred Delegates Representing Associations in Colleges Gather at Lake Geneva.

Elkhorn, Wis., July 3.—The eleventh Western Conference for Young Women opened last evening at the camp of the Y. M. C. A. Sectarian Institute in Geneva Lake. Over 300 delegates have arrived. They represent the Young Women's Christian association in colleges, cities, and towns of the Middle West. Nearly three-fourths of the delegates are college students. The work of the conference and the daily program is similar to the Y. M. C. A. student conference just closed here.

## RUSSELL DID NOT HAVE TO CRAWL

The Earl Appears at the Bar of House of Lords and Asks for More Time.

London, July 3.—Earl Russell, accompanied by the Countess (Mrs. Somerville) drove to the House of Lords yesterday afternoon and appeared at the bar. He was formally taken into custody on the charge of bigamy by Black Rod General Sir Michael Biddulph. Earl Russell made many obelances in advancing to the bar. Formerly it was the custom to approach the bar in a crawling position on hands and feet, but this has been modified. On reaching the bar Lord Russell sank on his knees and remained there until Lord High Chancellor, Lord Halsbury, told him to rise.

When asked if he had any application to make Earl Russell requested that the trial be postponed until July 13 to enable to prepare his defense. His application will be heard on July 4. The earl was released on bail. The proceedings were private.

## Indiana Man Gets Job.

Washington, July 3.—Fred Martin of Attica, Ind., was today appointed commissioner of emigrations to Porto Rico.

Miss Ethel Johnston of Manchester, Ia., is the guest of Mr. and Mrs. Phillip Rutter, 20 Center street.

## PLANS BEING MADE TO ERECT AN IMMENSE HOTEL AND SANITARIUM

Scheme Also Involves a Big Bottling Plant for Manufacture of Soft Drinks—Crystal and Burr Springs Property Secured on Options.

A deal involving many thousands of dollars and covering about five hundred acres of land has been brought to a close in this city.

For several months past F. J. Tucker, representing a syndicate of capitalists from Chicago and the East and also from this city has been quietly at work securing options on property up the river in the neighborhood of Burr Springs.

He has finally been successful in his efforts and has secured options on the Schoof and Woodard property on the West side of the river opposite Burr Springs and Crystal Springs.

On the east side they have secured the Burr property and the celebrated Mus-kick-a-wah-hoo spring, the Pope farm and 137 acres of land lying along the river between Burr Springs and the four mile bridge.

They also have an option for a lease of ten years on Crystal Springs. By these options they secure possession of the finest picnic and summer resort grounds around the city.

They will begin at once the erection of a large bottling establishment at Burr Springs and use the water in the manufacture of all kinds of

soft drinks like ginger ale, pon, soda, and other like beverages. The water will also be distilled and put up for medicinal purposes. The bottling plant will be one of the largest of its kind in the west.

The grounds will also be improved and made into one of the finest summer resorts of the west. An immense hotel and sanitarium will be erected on the grounds but probably not this season.

The people behind this enterprise have had their eye on this property for a long time. The well known qualities of Mus-kick-a-wah-hoo water which took first prize at the World's fair over all competitors, makes the property especially valuable.

A great many remarkable cures have been effected by the use of this water and on account of that the sanitarium and summer resort will be established. They have great faith in the enterprise and feel certain that it will be a paying investment, besides giving the people of Janesville and vicinity a fine summer resort and picnic grounds.

D. W. Watt has been one of the prime movers in securing the options and in making the undertaking a success.

## TO BE BEST STATE FAIR EVER HELD

DATE FOR EVENT AT MILWAUKEE KEEN FIXED FOR SEPT. 9 TO 13.

Loading Live Stock Associations of America Recognize This Fair as One of the Best Live Stock Shows of the Country—Every Effort Will Be Made to Make It a Success.

Madison, Wis., July 3.—Secretary John M. True of the Wisconsin state board of agriculture today began sending out copies of the premium list of the next state fair, to be held in Milwaukee, Sept. 9 to 13.

Ten thousand copies are to be sent out. The address of the board of managers is as follows:

"The fourth annual state fair, under the direction of the Wisconsin state board of agriculture, will be held at the state fair park in Milwaukee, Sept. 9 to 13 inclusive, 1901.

Fairs Steadily Improve

"The three previous fairs held under the board's management, have steadily improved in all departments, until the fair of 1900 was pronounced by fairgoers 'the best all-around exhibit ever seen in Wisconsin, and the equal of the best held in the country.

"The generous financial and moral support given this third exhibition by the city of Milwaukee made it possible to attain the success gained.

"The state, through the legislature of 1900-1901, has enabled the management to so improve its fair grounds and buildings that it feels confident that the fair of 1901 will be even more attractive and satisfactory than that of 1900.

"The leading live stock associations of America now recognize our fair as one of the best live stock shows in the country, and accordingly have given us liberal donations from their funds, to be offered as special prizes, thereby insuring large live stock exhibits of the best specimens of the best of the world affords.

The Best Fair Ever Held

"This board has adopted the rules and regulations governing the world's best shows, and has selected judges of the highest reputations in their respective fields.

The public can rest assured that every effort will be put forth to make the coming fair the equal of any ever held in its spirit of fairness to all concerned.

"We feel that we are in a position to ask all citizens of our great commonwealth to grant us their undivided support in making the fair of 1901 worthy of our great state of Wisconsin."

President George McKerrow of the board has gone to Canada to purchase some fancy live stock for his farm at Sussex. He expects to be in Madison by the middle of next week when another meeting of the state sanitary live stock board will probably be held.

## CORNELL VICTOR; WISCONSIN THIRD

ITHACA'S EIGHT WIN VARSITY RACE AT POUGHKEEPSIE.

New Record is 51 3-5 Seconds Faster Than the Old Mark—Cornell Wins the Four Oar and Penn. Leads the Freshmen—The Badger Race a Disappointment.

Poughkeepsie, N. Y., July 3.—The Cornell university eight-oared crew, coached by Charles Courtney, broke the American record for four miles on the Hudson river late yesterday afternoon in a magnificent struggle with Columbia, instructed by Edward Hanlan, and Wisconsin, prepared by Andrew O'Dea.

It was undoubtedly the phenomenal speed of the Columbia crew that helped Cornell to establish the record of 18:53 1-5, an achievement that exceeded the fondest hopes of the Ithacans' supporters. Columbia beat a length finished the distance in 18:58. Wisconsin a length and a half behind the blue and white crew, was timed in 19:06 4-5, while the plucky Georgetown eight, three lengths after the Badgers, rowed the course in 19:21.

The best previous record for a Varsity eight was 19:44 3-5. Syracuse was fifth, and the Pennsylvania crew, beaten almost after the first 100 strokes, wound up so far behind that the crowd on the observation train lost sight of them completely when the cars ran under the big bridge.

Too Fast for Wisconsin.

The Columbia crew on the whole more powerful in appearance than the average, was picked out as a factor in the race as soon as the crowd of sharpers caught sight of the blue and white shell. The men rowed a snappier and faster stroke than the Courtney eight and displayed so much finish and style that Hanlan received many compliments afterward for laying the foundations of what may turn out to be a winning style on some other occasion.

The Wisconsin crew, well-picked and thought to be a sure winner by some, was simply rowed to a standstill in the first three miles by Cornell and Columbia, who at that stage of the race were on even terms. After that as Cornell and Columbia dashed down to the finish in a tremendous struggle for the mastery, the Badgers, unable to stand the pace, fell away.

Cornell Wins Four Oar Race.

In the Varsity four Cornell was first, time 11:39 3-5; Pennsylvania second, time 11:45 2-5; Columbia third, time 11:51 3-5. The best previous record for this distance was 10:31 1-5.

In the freshman race Pennsylvania was first, time 10:20 2-5; Cornell second, time 10:23; Columbia third, time 10:36 1-5; Syracuse fourth, time 10:44. The previous record for the freshman eight for this distance was 9:19 2-5.

## CUT WHEAT BY MOONLIGHT

Kansas Farmers Unable to Work During Day Owing to the Heat

Topeka, Kan., July 3.—The oppressive heat and the over-ripe wheat has forced hundreds of the farmers to work a night shift of men and cut wheat by moonlight. Last night and the night before hundreds of reapers were running in the wheat belt.

## TO INSPECT THE VOTING MACHINES

Gov. La Follette Names the Commission—Illuminating Commission Also Appointed Today.

Madison, Wis., July 3.—The appointment by Governor LaFollette of the Wisconsin voting machine commission, provided for by the last legislature, was announced today. The members are: Charles King, professor of mechanical engineering at the state university; David Harlow, of Milwaukee and Richard S. Kountz of Neilsville, an attorney. Kountz is a democrat. The law provides that not more than two members of the commission shall be members of one political party. The term is five years. The members of the commission receive no pay from the state but are paid \$100 each for examination of any voting machine they inspect.

The state illuminating commission provided for by act of the last legislature to prepare a test for all illuminating plants in use in the state was appointed today by Governor LaFollette and the members are: Prof. Benjamin W. Snow, Bernard B. Swenson and Charles F. Burgess all of the state university.

A Ross of Superior was today reappointed by Governor LaFollette as a member of the state board of normal regents.

The state board of control has received the appointment of Prof. A. J. Hutton of the superintendency of the school for the blind at Janesville. Prof. Hutton asks for a few weeks' time to complete his program of institute work this is agreeable to the board as the school does not re-open until the middle of September.

The report of the finance committee of the normal school regents at today's session showed a balance of \$101,244.07. Five years ago this balance was \$12,000 and it was necessary one year to borrow over \$60,000 to carry the schools through. No borrowing will be necessary this year.

The board elected George C. Shuttis of the Whitewater Normal as institute conductor to succeed Prof. A. J. Hutton who gets the school for the blind.

Six Deaths in Pittsburgh. Pittsburgh, July 3.—Six deaths and seven serious prostrations resulted in Pittsburgh between midnight and eight o'clock this morning on account of the heat.

## DIVORCEES ARE ON THE ANXIOUS SEAT

Ignorance of Statute Forbidding Remarriage in a Year, Placed Them in a Bad Position.

Milwaukee, Wis., July 3.—Some of the newly married couples in the state have been put in a flutter of excitement by the announcement that the legislature passed a marriage law last winter which is not being properly observed. The question was brought up in Judge Halsey's court today through a wedding which took place there. The parties were Miss Clara Fahrestock and Frank Braitsch. They came here from Wichita, Kan., supposing that there would be no trouble in getting married under the laws of Wisconsin. But they made a mistake as one of the parties had been divorced within a short time.

The state legislature in its wisdom saw fit to pass a law providing that divorced parties shall not remarry within a year from the time the divorce is granted. Judge Halsey decided there was nothing in the law preventing persons not living in the state from remarrying at any time they saw fit, and performed the marriage ceremony for the people from Wichita.

It has been found out that the new law has not been brought forcibly to the minds of ministers and others who are competent to perform the marriage ceremony in this state, and therefore they have, in some instances, married persons who are barred by the statute from assuming new matrimonial responsibilities for a year. Such marriages, Judge Halsey this morning said are void. The law provides that the judge who grants the decree of divorce may if he deems best, grant either of the parties permission to remarry within a year. It was proposed at first that such permission should be included in the decree, but Judge Halsey, who granted the first permit, decided this could not be done, but the application must be made after the divorce is granted.

## Bryan Gives a Toast.

Newport News, Va., July 3.—William Jennings Bryan was the guest of honor at a banquet here last night. Governor Tyler of Virginia, and others more or less prominent participated. Mr. Bryan toasted the United States. The kernel of his speech was how they should be governed. In a speech previous to the banquet, Bryan said that he is now a private citizen with excellent chances of remaining so.

## PENN. CREW WON THE TRIAL HEAT

American Rowers at Henley, England, Defeat the British Crew.

## WAS EASY VICTORY

The London City Men Were Six Lengths Behind at the Finish.

## LEANDER CREW WON

Henley, England, July 3.—The university of Pennsylvania crew won its trial heat in the race for the grand challenge cup today quite easily. The London City crew was its competitor. They were six lengths behind at the finish.

The Leander crew won in their trial heat from the New College crew.

Cheered the Pennsylvanians. Henley, July 3.—The first of the regatta days open clear and warm and brought thousands, including many Americans to England's famous rowing town. It was a foregone conclusion that the Pennsylvanians would beat the Londoners in the trial heat and the principal betting was on the race for the cup. Odds of two to one were laid that the field would defeat Pennsylvania.

The Pennsylvanians were given a rousing reception while rowing to the starting point and the London crew was hardly noticed. The Londoners are big hulking fellows and are all undertrained. There was but little cheering along the course as the race was being rowed as it was too easy a win for the Americans. Their time was seven seconds faster than that made in the race between the Leander and the New.

## GOMEZ VISITS THE PRESIDENT

Was Profuse in His Expressions of Gratitude for What Americans Had Done for Cuba.

Washington, July 3.—General Gomez accompanied by Secretary Root, called upon President McKinley this morning. The Cuban was received in the Red Room and the interview was brief consisting chiefly of felicitations. Gomez was profuse in his expressions of gratitude for what the president and the Americans had done for the Cuban people.

## YANKEE DEFENDS THE CZAR.

Simpson Declares Russia Had Just Cause for War.

New York, July 3.—A complete report on Russian operations on Manchuria will be published in a few days by Lieutenant Colonel W. A. Simpson, chief of the Military Information Division of the War Department, says a Washington dispatch.

This report, which gives the first detailed account of Russian military operations, shows that Russia had great cause for declaring war in China. Its frontier was invaded by the people were killed, its railway in Manchuria was destroyed, and, sharing the common injury of other powers, its subjects in northern China were expelled or slain. Imperial troops, acting under instructions from the imperial government, inaugurated hostilities against the Russians.

Yet Russia, desirous of a common accord among the powers, did not declare war against China. The report concludes by saying that Russia has greatly reduced its military force in Manchuria, and contemplates the withdrawal of all the troops when conditions permit such action. The casualties suffered by Russia's troops in Manchuria and Pechili included twenty-three officers and 257 men killed and sixty-seven officers and 1,305 men wounded.

## STOCK EXCHANGE CLOSED FOUR DAYS

New York, July 3.—The stock exchange because of a holiday tomorrow, will be closed for four days the governing committee having decided to close the exchange Friday and Saturday as well as tomorrow.

## Batterfield No Better.

Fishkill Landing, N. Y., July 3.—The condition of General Daniel Butterfield at Cold Springs last night was unchanged. There was no rally. The secretary of war has granted the request of his family that in case of his death his body shall be buried on the military reservation at West Point.

## THE DAY ON WHICH WE CELEBRATE; JULY FOURTH WITH ALL ITS NOISE

Small Boy Will Be in His Element—Mothers Beginning to Get Anxious—Some New Contrivances to Make the Welkin Ring.

Once more the glorious Fourth is at hand and the day which we celebrate with cheering voices, booming guns and display of fire works is about to dawn. It will be ushered in at midnight tonight and long before the usual rising hour tomorrow morning the small boy and the fire cracker will be abroad in the land. The Fourth is one day in the year when the small boy is willing to get up before daylight and it is probably the one day when his anxious mother fearful of blinded eyes and blown off fingers would be glad to have him stay in bed all day if he only could.

But young America must celebrate and in his own way too. It is the way that has prevailed for the last century and a quarter and a Fourth of July without the noise of gun powder, the ear-splitting explosion of the cannon and the hiss of the upward flying sky rocket would be a strange thing indeed. Even though there is to be public observance in the city, the small boy aided and abetted by his father, who grows young again with the whiff of powder will see to it that the day does not pass quietly by. Words of caution and advice are usually thrown away on the Fourth of July enthusiast, but great care ought to be taken with the cannon fire cracker. It is too dangerous to be used carelessly.

One hundred and twenty-five years ago a little group of statesmen of the thirteen colonies of America took the formal step which was the death blow to English rule by signing the Declaration of Independence, little thinking that all through the coming ages their action would be remembered with rejoicing by a grateful nation.

Many people regret the fact that there is to be no celebration by the city, but there are those who are glad in their innermost souls although they would hardly care to admit it for fear of being thought unpatriotic.

The only attractions of a public nature will be the Scottish games at the fair grounds, which will doubtless be attended by large crowds, and the A. O. H. dance in the evening. Many people will go out of the city for the day. Several families will spend the day at the various near by lake resorts and large crowds will doubtless enjoy the day at the upriver park.

There will be a private picnic at Idlewild park for the owners of the park, their families and a few invited friends. The park has been greatly improved this summer. The camp has been moved north from the old grounds to the adjoining property known as the Robinson property, which has been leased for six years. The new location is much and the campers enjoy better conveniences. The trees were dying out on the old grounds and the cottages and bowling alley have been moved into a grove of trees where there is abundant shade. Two of the finest springs on the river bank are accessible and in one a great tile has been sunk making a deep clear well of bubbling water. The cottages have been given a new dress of paint and not only the Fourth of July but the entire summer bids fair to be pleasant at Idlewild park. Those who own an interest in the park are W. H. Merritt, H. D. Murdoch, A. C. Pond, Fred Howe and C. A. Sanborn and their families will occupy the cottages the greater part of the summer.

While there is to be no gorgeous display of fireworks here tomorrow evening, there are those who are always interested in the pyrotechnic beauties with which the heavens are illuminated on the Fourth of July nights. Fireworks may be foolish

investments but they are tempting ones and always find ready investors.

Manufacturers of fireworks in New York say that the trouble in China has brought them more business than usual. Fire crackers will be scarce this year, and the scarcity of firecrackers has brought about a demand for fireworks such as are manufactured here, and has resulted in the introduction of novelties in the way of noise. Among those which will be seen and heard for the first time are mines made from a combination of Chinese and American effects, "forming the most beautiful and enchanting colors in pyrotechnics." Some of these sell as high as \$50. Then there is a new Sicilian bombshell which sends out a red ball of fire. This bursts in the air and throws five other balls of fire, each of which explodes with a different effect, "so that crosses, stars and wheels of fire illuminate the heavens." The prices of these range from \$16 to \$80. There are three new sorts of saucissons, which throw out green and yellow snakes. Then there is what is known as the revolving colored circle. When this is sent into the air three brilliant colored circles appear within a ring of fire.

In the new peacock fan—a set piece—a center of variegated colored rings extend into a fan of brilliant fiery feathers. Then there is an aerial piece known as the Yellow Emperor. This looks like the ordinary shell when it is planted and ready for the torch. After it has ascended a thousand feet or less into the air it explodes and produces what the fireworks man calls a living flame, with variegated colored fireflies darting around it. The effect changes suddenly into the neck of a Chinaman having a serpent's body.

The Queen's jewels is a set piece which shows a green or crimson center, surrounded by a golden circle, communicating with three brilliant rays, and jewels of emerald, ruby and sapphire. The Filipino dance is a piece which shows eccentric figures of changeable form and color, and as they break from their original form they "resolve themselves into islands of fire and form a beautiful combination of movements before dying away." Pekin is the name given to a new Chinese vertical wheel which shows a "revolving center of silver fire, encompassed by a contrarevolving sun of dazzling golden rays."

Victory at Pekin shows "a glory of golden fire with crimson center, springing into silver rays, and a silver circle with colored centers." Then there are the old set pieces in which the devices are July Fourth, the Cap of Liberty and the bust of George Washington. The father of his country is made more brilliant than in other years but otherwise he is the same George Washington, surrounded by showers of brilliant silver fire.

This year the fireworks manufacturers are selling their old devices at 20 per cent. below what they formerly sold for. What they consider "a first-class lawn exhibition" seven set pieces and all the smaller pieces, including rockets, batteries, bombshells, mines, falling waters, shooting stars, moons, balloons and snakes, sell this year for \$75. Last year it cost \$100. Colored fire sells this year at \$1.60 a pound, no matter whether it is green, gold, red or blue. Water fireworks cost about the same as last year, \$22 a box, containing half a dozen. Fountain batteries, exhibition size, are sold for \$120 each. The 15-inch shell which sold last year for \$15 is retailed this year at \$13. Flights of bombshells are selling at \$200 a chest.

the club has undertaken in the way of entertainments has been a success and it is hoped that this will be no exception to the rule. There will be a great many outside players here during the week and it is to the club's interest to have everything go off in first class shape.

### BLISTERING HEAT HURTS TOBACCO

Early Plantings Have Been Burned Up—Growers Find Themselves Much Behind the Season.

Edgerton, Wis., July 3.—The blistering heat of the past week has materially interfered with the completion of the planting of the new tobacco crop, and growers find themselves no further advanced with this work than a week ago. Most of the plants placed in the fields in the southern portion of the state the past ten days have been burned up by the extreme heat and all of the labor and trouble of the farmers in transplanting is lost.

Fortunately three-fourths of the crop was safely rooted before the hot weather of the present week, and this has survived the parching heat and is doing well. The market for last year's crop has practically closed and but very few lots now remain in the grower's hands. Some work of handling the crop is still being done at the warehouses and seems likely to continue during the most of the summer. Two packings of 1900 leaf have been sold during the week to W. S. Brill for the account Kerbs, Wirthem & Scheiffer, New York manufacturers.

The shipments out of storage reach thirteen carloads, 650 cases, for the week past from this market. One thousand four hundred and sixty cases of cigar leaf were exported from New York last week.

### ADVANCE NOTICE OF GLORIOUS FOURTH

Evansville Storekeeper Discharges a Toy Pistol and Ignores His Fireworks Stock.

Evansville, Wis., July 3.—Mr. Langmak of the firm of Langmak & Extell, was showing a pistol to a small boy this afternoon and he fired off the instrument when much to his dismay about one third of the fireworks in the first window ignited and considerable consternation and some danger was caused. The store was filled with smoke and as it is a general merchandise store, dress goods, gents' furnishings etc., will be greatly damaged although the fire was soon put out.

### DRUGGISTS HOLD THEIR BANQUET

Annual Rock County Event at the Hotel Myers on Monday Evening July 8.

The druggists of Rock county hold their annual banquet and meeting at the Myers house Janesville, Monday next, July 8th. The dinner will be served at one o'clock and followed by the business meeting and election of officers for the next year. These meetings have become very popular and are attended by every druggist in the county, and quite a number from adjoining counties. The present officers are: President W. P. Clarke of Milton; vice President, J. M. Farnsworth, Beloit; Treasurer, O. L. Woodward, Clinton; Secretary, E. B. Helmstreet, Janesville.

### Warren-Wood Wedding

Miss Ida H. Wood and Raymond E. Warren, both of this city, were happily married at his bride's home, 110 Park street, last evening at 8:30 o'clock. The ceremony was solemnized by Robert C. Denison, only the members of the family being present. Both bride and groom are well known and have a large circle of friends. The bride is a young woman of ability and possesses those qualifications which fit her admirably to preside over a home. The groom is the efficient superintendent at the electric light plant and is a genial gentleman who enjoys the esteem of all who know him.

Mr. and Mrs. Warren left on the midnight train last evening and after a brief wedding trip in Minnesota, they will return to this city where they will make their home.

Fun Hunters' Point Lake Koshkonong will be the scene of an enjoyable gathering tomorrow. A number of Janesville and Whitewater Odd Fellows will meet and have a picnic. The public library will be closed for the next three days beginning today. The librarian and attendants will attend the meeting of the American Library association at Waukesha.

### A WEAK STOMACH

will upset every organ in your body. If you are constipated, bilious, nervous, sleepless or easily fatigued, try Hostetter's Stomach Bitters. It quiets the nerves, improves the appetite and makes rich, pure blood. It cures all forms of stomach disorders, such as indigestion, constipation, and dyspepsia. It has been doing this for the past fifty years. A fair trial will convince you.

BE SURE YOU GET THE GENUINE. **HOSTETTER'S STOMACH BITTERS**

### FARMERS FIND THE JAIL EMPTY

Looking for Help on the Farms—It Is Hard to Get, Even at \$25 Per Month.

"Have you got anybody in the city jail that wants to go to work on a farm?"

This was asked of a policeman yesterday by a farmer. The officer replied that the jail was empty.

"You can't get help," continued the farmer. "I've tramped all around the town today and haven't been able to get a man. I saw an ad. where a man wanted to go to work on the farm. I went to the address that he gave and found that I was the thirteenth farmer that had been there after him. He went, of course, with the first man that came. We are paying \$25 a month and board, but it seems that you can't get men at any price. I don't know why hands are so scarce, but they are."

Every day farmers stop policemen and ask them where they can get men. This is a mighty busy period with the tiller of the soil and the farmer and his boys who are lacking hired men are putting in long hours. Haying has commenced and a number are cutting rye. In some sections only half a hay crop is reported.

### Ice Cream Social

The ice cream social given by America lodge No. 26, Daughters of Rebekeh at the home of Mr. and Mrs. George Palmer, corner of Milton avenue and Glenn street, last evening, was a very pleasant success. The lawn was brilliantly and handsomely illuminated and those who had charge of the serving of the ice cream and cake were kept very busy, the patronage being liberal. During the evening an excellent program of mandolin and guitar music was furnished by Leonard Fardy, Leo Brown and Howard Baack. The boys played splendidly and their music was a very enjoyable feature of last evening's social.

### C. E. Social Last Evening.

The Christian Endeavor society of the Presbyterian church held a short business meeting at the home of Miss Grace Kirk, 364 Glen street last evening, and after some little matters of interest to the society were attended to the balance of the evening was devoted to pleasure. It had been announced that a lawn social would follow the business meeting and the announcement attracted a large attendance. Fully one hundred people enjoyed the evening on the lawn which was prettily decorated and lighted with Chinese lanterns. Ice cream and cake were served and the demand for the dainty refreshments was large. The social was a success and the Christian Endeavor society was well pleased.

### For Over Fifty Years.

Mrs. WINGLOW'S SCORPION BRAND has been used for children while teething. It soothes the child, softens the gums, allays all pain cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle. Sold by druggists throughout the whole world.

### FOOTVILLE

Footville, July, July 2.—With the thermometer registering from 95 to 102 degrees every day for the last week, much damage has been done to crops.

Mr. and Mrs. Darius Silverthorn, Mrs. Belle Owen and daughter Florence, Henry Howe and Gage Barlow will start next Monday on the Epworth League excursion to San Francisco. They will join a large party at Janesville.

The change in the train system is not especially welcomed by our citizens. It is now about impossible to go by train to Janesville to do any shopping and return the same day.

### Headache

Is often a warning that the liver is torpid or inactive. More serious troubles may follow. For a prompt, efficient cure of Headache and all liver troubles, take

### Doan's Pills

These pills cleanse the liver, restore full, regular action of the bowels, they do not grip or pain, do not irritate or inflame the internal organs, but have a positive tonic effect. 25c. at all druggists or by mail of C. H. Doan & Co., Lowell, Mass.

### KING'S

**J.M. BOSTWICK & SONS.**  
THE BIG STORE 20, 22, 24, 26, 28 S. MAIN ST. JANESVILLE WIS.  
WE KEEP THE QUALITY UP

## LINEN SKIRTS

BEST leaves no room for improvement. Our \$2.00 and \$4.00 linen skirts are the best skirts offered at the price. We know a few things about skirts and another thing they sell so fast.

## Shirt Waists..

Enough to make us proud, all the compliments we get on our waists. Lovely white waists in cotton and wash silk, some hemstitched, some tucked, others with insertion of lace or embroidery. The waists with sailor collars and vests of white pique, in both white and colored, are new and very desirable. We lead the waist procession, have all the season.

## OF SILK WAISTS..

we show some very good things. Large variety of styles in taffeta silk and satin. We bought about six dozen silk waists a few days ago, and the prices at which we can sell them on account of a lucky purchase means a saving to one of from \$1.00 to \$2.50. It'll pay to investigate before buying elsewhere.

## Underwear

We mean summer underwear in vests, pants and union suits. Hard to find stocks as complete as ours. If you have peculiar ideas about the kind of underwear you desire, we think you can get suited here. Surprising how many vests and pants we sell in extra large sizes: 7, 8 and 9; our 50c quality in fine jersey ribbed is a big seller. Vests at 5c, 10c, 15c, 25c, extra good values. Have gauze weight all wool cashmere underwear at \$1.25 and \$1.50. Fine balbriggan union suits at \$1.75, beautifully made.

MUNSON summer underwear is well liked. Munson union suits we carry in several different styles, 50c, 75c, \$1.00, low, half low, and high neck, no sleeves, half sleeves, long sleeves, knee and ankle lengths, some have no buttons, others half open front. For men and boys we aim to sell shirts and drawers that have the ring of merit about them.

## Summer Wash Goods....

Biggest wash goods season we ever had. Large selling means liberal buying and stock constantly changing. See a piece in stock one day, the next it's liable to be gone. Popular fabrics are batiste, plain and embroidered fancy dimities, mercerized chambrays, Egyptian tissue, solid colors in dimities and muslins, satin and open work stripes. The fabrics we mention are not so rare but the STYLES cannot be seen at other stores. At 50c, 60c and 75c, rare things in satin and open work stripes in cotton grenadine and leno de sole (silk and cotton) white, black and delicate shadings.

33 North Main Street.

### MATCH PLAY FOR RICHARDSON MEDAL

Supper Served in the Sinnissippi Club House Last Evening—Need Money for Tournament.

The first round of match play for the Richardson medal took place on the links of the Sinnissippi golf club yesterday afternoon. The weather was perfect for good playing and the course in fairly good shape. Although no very low scores were turned in the game was a fight from start to finish. The matches were begun about two o'clock, although some of the players could not get away from business until late in the afternoon, all finished with the exception of F. C. Grant and H. S. McGiffin, who will play today. The outcome of the match was as follows:

Albert Schaller scratch beat Chas. Achterberg 8 three up and two to play.

Charles Dunn 6 beat George Baumann 14 three up and two to play.

F. B. Baker 6 beat F. B. Echlin 8 three up.

J. P. Baker 4 beat O. Sutherland 6, three up and two to play.

H. H. McKinney 6 beat E. A. Hyde 12 one up.

F. E. Field 6 beat A. C. Jenkins 10 forfeit.

H. G. Carter 6 beat F. S. Sheldon 8 forfeit.

Grant and McGiffin will play today and the eight winners will be paired off for the second round match play after which will come the semi-finals and finals.

After the match was finished supper was served in the club house to about one hundred and fifty guests. It was under the direction of Mrs. H. G. Carter and the younger members of the club assisted in the serving.

After supper Roy Carter presided at the piano and furnished delightful music for all who wished to enjoy the pleasures of dancing.

Mrs. Carrie Jacobs-Bond was the guest of the club last evening and favored those assembled with several selections of vocal and instrumental music which were faultlessly executed and elicited much applause.

The members of the club who have the coming tournament in charge are seeking for some means to raise money enough to defray the expenses of giving the tournament. It is estimated that about \$300 will be needed to carry it out in first class shape. With this in mind a subscription list has been started at J. P. Baker's store and it is hoped that all members of the club will call and subscribe something towards the amount necessary to carry the tournament to a successful conclusion. So far all that

## THE NEWS FROM COUNTY TOWNS

### EVANSVILLE

Evansville, July 2.—Farmers who set tobacco early this season are feeling much elated over the fact as the plants are firmly rooted and the dry weather does not affect them. It is impossible at the present time to set plants and have them thrive.

Dr. and Mrs. Loomis and daughter of Janesville spent Sunday the guests of relatives in this city.

Mrs. Charles Cummings and son Joseph have gone to Chataqua, N. Y., and vicinity to spend the summer. O. P. Pritchard, living near Oregon purchased a fine Franklin piano of Mr. Hinkle last week.

The lowest point reached by the thermometer during last night was 76 degrees. It was surely the hottest night of the season.

A building which has been erected at the driving park in preparation for the great Rock County fair in September was blown down in the storm of Friday evening. The cost was about \$400.

Born to Mr. and Mrs. Herbert Cray on June 2nd, a daughter.

Miss Florence Highland of Stoughton sang at the Congregational church on Sunday evening.

Miss Jessie Baker, who has been teaching school in Highland, Kansas returned to her home in this city on Saturday last.

Mrs. Agnes Shirley, who has been engaged in the millinery business during the past season in Peoria, Ill., is visiting her parents here.

Mrs. R. M. Antes took her departure on Wednesday morning for Berkeley Springs, W. Va., to visit her father.

Mr. and Mrs. James Walker of Ennis Texas, are visiting friends in the city.

An informal dancing party was held in the K. of P. Hall on last Tuesday evening, a traveling Italian orchestra furnishing fine music.

A blind woman, accompanied by a small boy was discoursing songs upon our streets last week and thereby gathering in numerous small coins.

Mr. and Mrs. Elmer Potter are rejoicing over the birth of a daughter, Friday, June 2, 1901.

### ROCK RIVER

Rock River, Wis., July 2.—Mrs. Doran of Milton Junction visited her niece, Mrs. Hary Green a part of the past week.

George Richel and John Ashley spent Saturday in Madison.

Mrs. Brown and daughter Ethel of Whitewater and Charley Spencer and family of Janesville were visitors at Stennet Pierce's this week.

William Green of North Loup, Neb., was a caller at N. M. Rose's Thursday.

E. D. Vincent has the basement for his barn completed and next week a force of ten carpenters under M. H. Ansley will begin work on the building.

Lewis Ashley went to Clear Lake, Iowa on the excursion the last of the week.

There will be an ice cream social at Joseph Vincent's on Tuesday evening, July 2nd. The proceeds will be used for the benefit of the base ball team.

Miss Ethel Forsythe, who has been attending school at Milton college, visited a few days at Wade Loof-boro's previous to her departure for her home in Iowa.

### EMERALD GROVE.

Emerald Grove, July 2.—Mr. and Mrs. Robert Lilburn are entertaining company from Lake Forest, Ill.

Earl Knillands is summering with his grandfather at Richmond.

Wm. H. Chesebro of Beloit spent Sunday with his mother.

Miss Lizzie Delaney of Richmond visited at Mrs. Knilland's last week.

A good time is promised at the 4th of July celebration at Mr. Boynton's grove. The committee in charge have plans for a number of tests of skill that will be sources of lots of fun. Prizes amounting to \$5 in value will be offered. Speaking, eating and fun will be the order of the day. Bring your friends, families and baskets and have a good time. The Ladies' Auxiliary will serve refreshments in abundance.

A largely attended excursion, with Fox Lake, Ill., as the goal, was enjoyed by about thirty people last Saturday.

The programs for the Delavan Lake assembly are out and offer a very tempting array of entertainers to those who can enjoy such a summer outing.

Mrs. Allen of Whitewater is spending a few weeks with her sister, Mrs. Hans Hanson.

Miss Lizzie Boss left to make her home in Janesville, Saturday.

Mr. Wm. Shaw, who has been quite sick for some weeks, is improving.

On Sunday evening, June 30, 1901, as the clock struck seven, Mrs. W. F. Goodrich passed to the home beyond.

Sarah M. Van Allen Goodrich was born in Columbia County, N. Y., March 25, 1827. The family came to this place in the spring of 1841.

On Oct. 8, 1861, she was married to W. F. Goodrich. No children came to bless their union, but they adopted a babe then but five weeks old, who has since grown to mature womanhood, and is now the wife of Mr. Wm. McNee, of Cottonwood Falls, Kansas. Mrs. Goodrich

joined the Emerald Grove Congregational church following a deep revival work under "Father Curtice" on April 12, 1856, when thirty-five made public confession of Christ. When she was able she has been a worker in the church and for its interests. The bell that calls to worship is a gift from her. Always ailing, she has been ambitious to do her part in home and life work. Four weeks ago sickness with her became more pronounced and until the end came doctors and nurses were not spared her. For a month, her daughter, Mrs. McNee, has left her home in the care of others and given herself to comfort and soothe the last hours of "mother." A good neighbor and friend in time of sickness, her taking away will be felt by the entire community and the church. The interment was in the Emerald Grove cemetery on Tuesday. Funeral services were held in the church at 2:30 p. m., the pastor, Rev. Joseph Herbert, preaching the sermon. The deceased leaves one brother, Mr. Mat. VanAllen, of La Prairie township.

Mr. Goodrich plans to dispose of his personal property and for a time make his home with his daughter, in Cottonwood Falls, Kansas.

### LEYDEN

Leyden, Wis., July 2.—The weather remains dry with a red hot wind from the south west. A number of the tobacco plants have been killed. A number of the farmers have turned stock into their grain fields on account of the scarcity of pastures. A majority of the farms will not raise hay and grain enough to feed the stock through the winter. The drought is much worse than last year.

inspires one to nobler and better deeds; unlocks the gates of happiness; pours glowing vitality into your system. That's what Rocky Mountain Tea will do. 35c. Smith's Pharmacy, kodak agents, next P. O.

### HARMONY.

Mr. and Mrs. Wm. Eller and family and sister and sister-in-law visited at W. C. Wilbur's on Sunday.

C. T. Hudson and family visited at W. Martins Saturday and Sunday.

A load of young people from the county farm called on W. H. Gray and wife last Friday evening.

F. H. Story is home from Iowa and reports it to be a fine country.

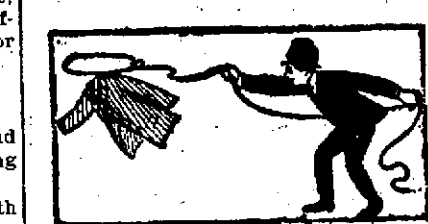

The Harmony W. C. T. U. will hold a fair at the residence of Rush Howard on the afternoon and evening of July 10.

### CANDY ESCULETT'S CURE PILES.

Relieves Promptly. Pleasant. Harmless. Quicks. Teinous circulation. Reduces enlarged veins, corrects portal circulation. Removes the causes of Piles, perfecting a PERMANENT Cure. 50c. sold and guaranteed or money cheerfully refunded by M'GUE & BUSH.

### BEST FOR THE BOWELS

If you haven't a regular, healthy movement of the bowels every day, you're fit or will be. Keep your bowels open, and be well. Force in the shape of violent physic or pill poison, is dangerous. The smoothest, easiest, most perfect way of keeping the bowels clear and clean is to take

EAT 'EM LIKE CANDY. Pleasant, Palatable, Potent, Taste Good, No Good. Never Sickens, Weakens, or Grips. 10, 25, and 50 cents per box. Write for free sample, and booklet on health. Address: STERLING REMEDY COMPANY, CHICAGO or NEW YORK.

KEEP YOUR BLOOD CLEAN

## JUST WHAT IT IS AND WHEREIN BUFFALO BILL'S WILD WEST

DIFFERS FROM ALL OTHER EXHIBITIONS

AND CONGRESS OF ROUGH RIDERS

A little editorial matter on an international subject. A few facts worthy of consideration. In the first place Buffalo Bill's Wild West is not a "show" in the general acceptance of that term, but an exhibition of world-wide resource and universal interest.

It is the first, the only, and must be the last of its kind because the class to which Col. W. F. Cody (Buffalo Bill) belongs consists of ONE. He has never had a double. Then, who can take his place?

His great exhibition is absolutely original and true to nature. It is the most intensely interesting and strangest entertainment ever organized or dreamed of. It is the only real object teacher history has ever had or recreation furnished. It is a veritable mirror of heroic manhood and the camp of the makers of a nation's history. It is an academy of equestrianism where Rough Riders graduate, and those schooled in hardships participate in the hazardous sports and pastimes of which the great plains and deserts are the natural playground. It is here that one sees the reality of imperishable deeds and feats of fearless skill, fashioned by necessity. The one presentment of grim-visaged war given under the banner of pleasure in the smiling face of peace. It is here that bravest men depict the deeds that have made them famous in warfare, life saving and humanitarian acts. Men who have faced death in all its forms and successfully contended with opposing forces and fearful odds. Of such elements is the Wild West composed.

Its varied features embrace, realistic battle scenes, martial pageants, dazzling reviews, savage displays of frightful war and foray. All the latest episodes of national and international events are here depicted. The allied powers of the world are faithfully represented. Boers, Britons, Cossacks and Bedouins ride side by side. Can you beat it? No, the world will never see its like again. And best of all, everything it presents is realism itself. No made-up mummies or crafty subterfuge. Every horseman is the hero he represents. The art he employs is the lesson of a life. The garb he wears is the uniform of the nation or tribe which he represents. The very bridle that curbs the neck of a prancing steed is of regulation make and pattern, and will stand the closest scrutiny. And at the head of this mighty host rides the originator upon fame's warpath, the last of the greater scouts, to whom our army's safety was entrusted, Col. W. F. Cody (BUFFALO BILL).

It will be here just as represented. The day and date is fixed. See the Grand Street Cavalcade and Review of the Rough Riders and convince yourself that all we have said is true. The admission to this marvelous exhibition is 50 cents; children under 9 years 25 cents. Reserved seats 50 cents extra and may be secured on the morning of the exhibition date at the usual place.

Per month .50  
Weekly edition, one year 1.50

**TELEGRAPHIC SERVICE.**  
The Gazette receives the full daily telegraphic report of the Scripps-McKee

**WISCONSIN WEATHER FORECAST**  
Probably thunder storms tonight and Thursday.

Tomorrow being Independence Day, there will be no issue of The Gazette.

## INDEPENDENCE DAY

Tomorrow is Independence Day, the one day of all the year when every American citizen can afford to be patriotic and when every small boy on American soil is expected to bubble over with enthusiasm.

The day possesses more than moral significance this year, because our borders are enlarged and the stars and stripes, the emblem of freedom and independence waves for the first time, over territory that for centuries has been benighted.

The Filipino celebration will be unique and full of promise. It will not have back of it the prestige of 125 years, but it will be the initial year, that ushers in the dawn of a new civilization with all that the word implies.

This land has occasion for renewed rejoicing, because of the results of the short, but decisive war. If the question of the constitution following the flag is still debatable there is no question about the beneficent influences that the flag introduces and fosters.

July 4th, 1901, should be a day of national rejoicing. The small boy should be permitted to make all of the noise that he can. American atmosphere can endure that kind of mechanical disturbance once a year.

## OUR YOUNG PEOPLE.

The annual summer conventions of such societies as the Christian Endeavorers, the Epworth League, and the Baptist Young People's Union, augur well for the future generation of our country.

A few years ago no such conventions were held, and consequently there was no concerted action which tended to the uplifting of the youth. Boston and the east has felt; the thrill of the recent Y. M. C. A. convention, which has resulted in the exercising of wonderful influences for good in the home and at the polls.

Now in Cincinnati the Endeavorers will gather in thousands and stir the whole city with their world renowned enthusiasm. They will also go to their homes full of new energy and new ideas which will not only show in the present but in the future homes they will organize.

Then on the Pacific coast will occur the reunion of the Epworth Leagues who will leave the influence of their lives over the thousands of miles they will travel to and from their homes.

The influences of these annual pilgrimages will be so diffused in the years to come that the majority of homes will feel the uplifting power of consecrated lives which have been touched by these meetings directly or indirectly.

Thousands of dollars are spent in this way every year, but they are spent in a good cause, and pay a big dividend in the immediate pleasure and in the future influences exerted.

The young exuberant lives are the ones to take up the work of the future generation, and there can be no nobler foundation built than is furnished by the annual gatherings for mutual benefit and general uplift of the word of God as preached by the most gifted men in the country.

## PROTECT THE CHILDREN.

Mayor Harrison has taken a wise step for the protection of children on the Fourth, and every city in the land can do no better than adopt the rules and regulations he has laid down for that day. He prohibits:

1. Discharge of fireworks in any building or confined place.
2. Discharge of cannon, guns, pistols, revolvers and dynamite.
3. The exploding of bombs or torpedoes on the car track.
4. The sale or gift of toy pistols or metal caps to children.

There is much talk across the pond of war between England and America over the abrogation of the Clayton-Bulwer treaty. It makes little difference whether this treaty is abrogated formally or not; the canal will be built by Americans, the locks will be worked by American engineers, and the boats will be piloted by Americans. What power at war with America will be able to use the canal?

For sublime ignorance concerning the state institutions the board of control caps the climax. Not a man on the board ever saw the inside of a state school outside of Wisconsin and not a man on the board knows enough about Wisconsin state schools to know what is taught in them. The governor should hire a "trained educator" for his board.

When the state institutions are all reformed Governor Murphy will have time to give a little attention to

the county fair campaign. It may be possible to secure a few pulpits for Sunday night engagements, if he will steer clear of the German districts and abandon primary law discussion.

Rockefeller helps his colleges, Carnegie his libraries, and now comes Mr. Schwab with his gifts to churches. Certainly the immense salaries paid to trust managers are being paid back to the people in a way that has won admiration from thousands.

Venezuela is an example of what a republic ought to be. Its president is a despot who enforces his laws with an army, and will remain a despot until some one with a larger army wants to try his hand. Cuba can take warning from some of the South American republics in forming her own government.

With a "trained educator" at \$2,000 a year and a school principal under contract at \$500, the State School for the Blind is practicing economy with reckless abandon. A state contract is not very binding and it may be possible to dispose of the principal.

The failure of the New York City and Buffalo National banks is not an occasion for uneasiness. The causes that led to disaster were abnormal. Reckless banking is always unsafe and the two institutions in trouble were decidedly reckless.

The spirit of mob law seems to have overspread the entire country, and it is not uncommon for one to be killed by a mob under the mere suspicion of having committed a crime, and sometimes without identification.

Milwaukee expects to take away from us the golf trophy this summer. She will have to show better form than she does at present to wrest it from the local sports.

The Board of Control does not seem to be deluged with applications for the positions at their disposal. They are too uncertain to be desirable.

## Birthday Anniversary.

Yesterday was the anniversary of the birth of Gladys Nicholson and by a happy coincidence it was also the birthday of Miss Nicholson's friend, Miss Alice Crawford. Last evening the two young ladies were the victims of a very pleasant surprise which was planned at their expense by a number of their young friends. The young people assembled at the home of Miss Nicholson's parents, Mr. and Mrs. F. F. Nicholson, 157 Chatham street, and spent a merry evening with their two hostesses. The lawn was artistically lighted with Chinese lanterns and cards and various other games were played. During the evening delicious refreshments were served.

## Summer Corsets

Manufacturers of the various lines have produced styles that are meeting with great favor. In the P. N. line No. 115 is a well made, well boned, lattice work corset with 13 inch front steel, sizes 18 to 30—price 50 cents. No. 75 is of better netting, top and bottom face and ribbon trimmed, 4 hook front steel, a splendid straight front corset, sizes 18 to 30, price 75 cents. In the W. B. line is No. 705, erect form shirt waist corset, made of fine light weight batiste, 12 inch front steel, low bust, in sizes 18 to 26; price \$1.00. No. 87 is of same material but made in bodice snapper price \$1.00.

## Saline Perfect Form and Corset Combined

is identified by having no hooks, no clasps, no strings, no laces, no heavy steels. No corset necessary, as it is a corset and form combined. Leading tailors fit their garments over this form, which gives the wearer a natural and perfect figure with the proper shape and curves. Recommended by leading physicians as a health preserver, causing no pressure on the lungs or stomach. Sizes 20, 22, 24, 26, 28, white only, price, \$1.00.

## Summer Skirts

A line of wash lawn, petticoats in plain colors and light facias, made with 3 cord wide ruffle, \$1.00. One made of feather-weight plain black silkette, \$1.50. Another of the same material in black and white stripe, \$1.75. All above lines made with adjustable bands.

## Summer Underwear

Muslin garments, such as gowns, skirts, drawers, chemise and corset covers. Just received another lot of those Empire style all lace corset Covers, sizes 32 to 38, at 85 cents. Also more of the same style cover at 25 cents. All sizes Children's Drawers again in stock, sizes 1, 2 and 3, at 10 cents; sizes 4 and 5 at 15 cents; 6 and 7 at 20 cents. We offer best values in town in Night Gowns at 50c, 85c and \$1.00; also in Skirts at 85c, \$1.15 and \$1.35. Several styles lace trimmed drawers, 50c. For men we show excellent values in cotton Night Shirts at 50 and 75 cents.

## Summer Hosiery

No store shows better values than are here in Ladies' and children's drop stitch fast black Hosiery. Little finish children's sizes 5 to 8½, ladies' sizes 8 to 10—price, both 25c; same for men, 25c. Children's ribbed little hosiery, sizes 5 to 9, all sizes, 25c. Ladies' solid black lace all over pattern, sizes 8 to 10, 50c. New fancy hosiery, 25c, 39c, 50c.

## MAGNOLIA VISITED BY SEVERE STORM

IT DID THOUSANDS OF DOLLARS' WORTH OF DAMAGE.

There Was Not Much Rain, But a Fierce Wind and an Alarming Electrical Display—Towns of Avon, Johnstown and Emerald Grove Also Suffer Destruction of Property.

The town of Magnolia was visited by a disastrous storm yesterday afternoon which did thousands of dollars' worth of damage. There was very little rain, it being mostly wind and lightning. Tobacco sheds and barns suffered all along the line and in many places the people went into their cellars for safety.

The large barn belonging to William Finanne was blown down and a number of head of cattle and horses badly injured and a large quantity of farm implements destroyed. The loss was about \$1,500 with \$500 insurance. A new barn belonging to Wallace Andrews was moved on its foundation about five inches but was not destroyed.

In the town of Avon it blew down Peter McGovern's tobacco shed and also demolished a tobacco shed one hundred and eight feet long belonging to John Cleary. Mr. Cleary fixes his loss at \$1,000 with no insurance. Severe storms were felt in numerous places about the city. It was quite severe at Johnstown and Emerald Grove, but no damage was done. They had plenty of rain with but little wind.

The extreme hot weather of the last days has been a weather breeder and a storm may be expected at any time.

## DRAW MANY PEOPLE HERE.

Local Professional Men Attract Many Non-Residents to Janesville.

The Gazette man in his rounds notes the large number of strangers that are continually coming to Janesville to consult local professional men: Dentists, doctors and lawyers all come in for their share of the business. Just recently Mr. W. A. Cooley a prominent Guernsey cattle breeder, residing near Monroe was here and in conversation with him just as he started for his train he casually remarked that he had had "eleven teeth extracted without being hurt a bit." By inquiry we find that our new dentist, Dr. Richards, in the Hayes block, who did Mr. Cooley's extracting, is able to do such painless work, and by so doing draws business from such a distance.

## HURD IS LOOKING FOR GOOD FENDER

As Soon As He Finds a Suitable Contrivance It Will Be Put On the Cars.

The street cars will be equipped with fenders as soon as Supt. Hurd can find a kind that can be operated on the streets of Janesville. The uneven nature of the street and several of the railroad crossings make the ordinary fender impracticable for use on this line.

The fenders in use on the cars in Chicago cannot be used here on account of their width and running too close to the surface. Supt. Hurd has sent to Philadelphia for a fender in use on the cars in that city which he thinks will answer all of the requirements and can be operated safely on this line. He is as anxious as anyone to have the cars protected by fenders and will get them on the cars as soon as one can be found that can be operated here.

There is no car fender manufactured this side of Pittsburg and it takes some time to get the fenders here after they are found to be a success.

## DOING EXCELLENT BUSINESS

G. W. Dudley, an Agent for the Northwestern Mutual Life Insurance Co. G. W. Dudley, who recently resigned his position as teacher of oratory and athletics in the Janesville High school to accept the position of local agent for the Northwestern Mutual Life Insurance Company of Milwaukee, is doing an excellent business, which plainly indicates that he is the right man in the right place. Mr. Dudley graduated from Beloit college with the class of 1900. During his year of residence in the Bower City he has made many friends. The writing of life insurance is a position that few men are suited to but it is only in justice to Mr. Dudley to state that he is as well informed as men who have grown gray in the business. The Northwestern Mutual Life needs no introduction. It is a company that thousands of policy holders in this section of Wisconsin are interested in. Mr. Dudley has his office in spacious quarters on the second floor of the Hayes block.

John Decker, the Milton avenue tobacco dealer, met with a painful accident while removing wool at Delavan Monday afternoon. The heavy bundles of wool are handled in the warehouse with large iron hooks. One of these hooks slipped out of a bundle and caught Mr. Decker in the center of the left hand and running up the inside of the second finger tore it open the entire length.

The King's Daughters of the First Baptist church will have a special meeting on Friday afternoon at 4 o'clock. All are invited.

Important changes in the time card of the C. & N. W. R'y, both in the arrival and departure as well as the addition of new trains.

The special rug, carpet and curtain sale at Bort, Bailey & Co's store is proving popular with the public.

Money saved on every dollar invested this month at the Bort, Bailey & Co's special sale that is now going on.

Carpets, rugs and curtains at greatly reduced prices at Bort, Bailey & Co, special sale which is now going on.

A wonderfully attractive program has been prepared by the Caledonian society for their games tomorrow. Everybody will be there of course.

On account of rebuilding, the local dry goods firm of Bort, Bailey & Co., are offering extremely low prices on curtains, rugs and carpets. See large ad.

A grand celebration Fourth of July at Crystal Springs Park. Dancing at 7 o'clock and evening. Boats leave at 9 and 10 o'clock a. m. and every hour after 12 o'clock noon.

The ladies of St. John's German church will hold an ice cream social on the church lawn, corner of N. Bluff and Peace Court, Thursday evening, July 4th.

Pat Clarke was before the municipal court this morning on the charge of being drunk and disorderly. He pleaded guilty to the charge and was fined \$10 and costs by Judge Fifield, which he paid.

Seven Chicago pipers and dancers will arrive in the city at seven o'clock this evening for the games tomorrow. The program is the best ever offered by the Caledonian society.

James Orchard of Evanston is the guest of Mr. and Mrs. David W. Holmes of 204 Park Place. Mr. Holmes is a crack golf player and a member of the Evanston team.

Great interest is being manifested in the wrestling match for the championship of the state at the Fair Grounds tomorrow. This event alone is worth more than the price of admission—only 25 cents.

Prayer meetings at the Congregational, Presbyterian, Baptist and First M. E. churches will be held this evening owing to the fact that tomorrow will be the Fourth. There will be no prayer meeting at the Court Street M. E. church this week.

On Sunday, July 7th, the train now leaving Janesville at 7:35 a. m. for Chicago over the new short line of the C. M. & St. Paul R'y, will run daily, leaving Janesville at 7:30 a. m., and arriving at Chicago at 10 a. m. The train now leaving at 10:35 will run daily except on Sunday.

A. H. Shekey and family returned home from Lake Koshkonong last evening where they have been in camp for the past few weeks. Mr. Shekey's brother, Frank Shekey and wife, of Oshkosh, with Miss Howe, of the same place were also members of the party. Mr. and Mrs. Frank Shekey will visit in this city for a short time.

Frank Little, assistant secretary of the Y. M. C. A. for railroad men at Waterloo, Ia., was a guest at the home of Mr. and Mrs. P. S. Fenton yesterday. He returned this morning to Beloit where he is spending his vacation with his parents.

Mrs. William B. Noyes of Madison is the guest of Mrs. J. W. Sale of 113 Washington street, and will spend several days in the city which is her former home.

Mrs. M. Scheuring of DePere is the guest of her sister, Mrs. W. J. Bates.

Mr. and Mrs. S. D. Cannon and family will spend the Fourth at Delavan. Mrs. Cannon will remain for a two weeks' visit, being the guests of relatives and friends.

## WILL ATTEND THE C. E. CONVENTION

Local Delegation Will Leave for Cincinnati Day After Tomorrow—Those Who Will Go.

On Friday quite a delegation from this city will leave for Cincinnati to attend the international convention of the Young People's society of Christian Endeavor. The delegation from this city will include two state officers, A. E. Matheson, who was appointed president and chairman of the state board to fill the vacancy caused by the death of the late Rev. A. C. Kempton, and Miss Fanny Jackson, who is the state secretary.

Miss Mabel Best, president of the Presbyterian Christian Endeavor society, and Miss Ada Fenton, president of the Congregational society, will go as life delegates from their societies and the Congregational society will also be represented by Miss Carrie Kettleton and possibly by Miss Beth Miller.

Mr. Matheson will be accompanied by his sister, Miss Lulu Matheson, of Elkhorn, and Miss Jackson will be accompanied by her friends, Miss Mattie Gilkey of Fond du Lac and Miss Hannah Hanson of Chicago. Will Coles of Whitewater will also accompany the Janesville party.

The party will leave this city at 5:10 o'clock over the Janesville & Southeastern road on Friday afternoon and will take their sleeper at Chicago. The sleepers can be taken possession of by the delegates at 9:30 o'clock Friday evening at the Dearborn street station. It will leave Chicago over the Monon road on Saturday morning at 2:45 o'clock and will reach Cincinnati on Saturday noon.

Business sessions will be held on Saturday morning and afternoon but the first meeting of the convention will be on Saturday evening.

One of the features of the convention will be a chorus of 1,200 voices from the choirs of Cincinnati, Newport, Ky.; Covington, Ky., and other places has been rehearsing for the meetings in three auditoriums which seat 5,000 each. The special official train from Boston carrying President Clark, General Secretary Baer and others will reach Cincinnati tomorrow night.

The closing session of the convention will be held next Wednesday evening and the Janesville delegates will probably reach home on Friday, July 12, unless they take in some side trips. Mr. Matheson and his sister are planning to visit Mammoth Cave before their return.

Must Stop Sprinkling

Owing to the fact that patrons of the Water Company are paying no attention to the time set for the use of water on lawns, the Water Company hereby gives notice that the whistle at the pumping station will blow at 8 o'clock p. m., when all the lawn sprinkling must stop, otherwise the company will turn the water off. Unless the rules for sprinkling which confine the time from 6 to 8 p. m., are complied with, the Water Company cannot give the necessary fire protection. All lawns must be turned off in case of fire.

JANESVILLE WATER COMPANY

The above action of the Water Company is necessary because of the great consumption of water during the excessively hot weather. For the past week the pumps have been taxed to the utmost and if a fire broke out under these circumstances it might be impossible for the Water Company to furnish sufficient pressure to fight the fire. We accordingly request all citizens to comply with the above mentioned rules of the Water Company.

VICTOR P. RICHARDSON, Mayor.

JOHN C. SPENCER, Chief of Fire Dept.

F. H. KOTHMAN, Chairman Water Com.

Out, Inspecting, Road.

President A. J. Earling, Assistant General Manager W. J. Underwood and General Superintendent C. A. Goodnow of the St. Paul road came through the city last evening in their private car on a tour of inspection of the Mineral Point division. They returned this way this morning and went on to Milwaukee. The car was piloted over the division by Supt. P. C. Eldredge. They expressed themselves as being well satisfied with the condition of the line.

## NEWS OF A PERSONAL NATURE

F. S. Winglow was a business caller in Chicago today.

Will Smith will spend the Glorious Fourth at Fort Atkinson.

I. Rosenblatt came up from Beloit this morning on business.

T. L. Peterson and wife of McFarlane are visiting friends in this city.

Mr. and Mrs. S. D. Moseley are home from their wedding trip.

P. J. O'Brien and F. J. Jeffris left this morning on the 10:10 for Chicago.

D. G. Partridge of Milton Junction was in the city today on business.

Mr. and Mrs. John Sullivan and family will spend the Fourth in Darlen, Wis.

Marshall Cal Broughton of Evansville was in the city today on business.

City Treasurer Fathers and family will spend the Fourth at their cottage at Koshkonong.

Miss Marguerite Colwell of Grand Rapids, Mich., is the guest of Mr. Clarence L. Clark.

Frank Marquisse of Altona, Wis., is greeting his many friends. He will be in the city for some time.

Mrs. C. E. Wood and daughter of Chicago are the guests of Mrs. H. A. Seegers, 16 North High street.

Mrs. Frank Pierson and sister Elizabeth are home from a visit with relatives and friends in Muscatine, Ia.

P. J. Mouat left this morning for Geneva Lake to spend the Fourth.

Henry J. Sloan is down from Edgerton on legal business.

Mr. and Mrs. Fred Dilzer of Chicago will spend the Fourth in this city, the guests of Mr. Dilzer's parents, Mr. and Mrs. N. Dilzer, 166 Madison street.

H. C. Staples and family, who have been residents of this city for some time, have moved to Milwaukee. Mr. Staples is traveling representative for the United States Machinery Co. of Boston.

Honors of Patriarchal Circle

Mrs. Susan Angell and Volney Atwood are the oldest members of the Patriarchal Circle, an Odd Fellows' organization, which prospered some time ago but which is not kept up now save in a social way for the preservation of the ties of friendship which were formed between the members.

In honor of Mrs. Angell and Mr. Atwood the remaining members of the organization were invited to spend Monday evening at the home of City Treasurer and Mrs. James A. Fathers, 259 South Main street. An elegant supper was served at 7 o'clock and after full justice had been done the feast of good things the balance of the evening was spent in playing cards and other amusements.

The Luck in Endowment Policies

It is said there has never been and never will be a time when you can secure something for nothing. That idea is exploded. John Nicholson, the missing, has money coming of which he has no knowledge. He insured with the Aetna Life for a 20 year policy, kept up payments for a few years, struck hard luck, and thought the policy had run out. Now you see where he gets the something for nothing. A part of that same policy is matured, ready for John. Let me explain the plan to you.

## MASON OVERCOME BY EXTREME HEAT

The Torrid Weather is Responsible for Many Cases of Prostration in And About the City.

One of the masons employed on the brick work at St. Mary's church was overcome by the extreme heat Monday and experienced a severe hemorrhage of the stomach. He was taken to his room at the Park Hotel and Dr. James Mills called to attend him. He was very sick yesterday but was somewhat better this morning and in order that he might have the best of care the patrol was called and he was conveyed to the Palmer hospital. He is doing nicely and the doctor is confident that he will pull through all right.

A number of men were overcome by the oppressive heat yesterday at the canning factory. Two brick layers and two helpers were overcome and were obliged to quit. The storms in different parts of the county around the city cooled the atmosphere off some last night. In some places after sundown the air was delightful.

The rain that fell today will be a great help to the farmers who are hauling water for their tobacco plants and small fruit. It needs about forty-eight hours of soaking rain to do much good.

WILL CLOSE JULY 4TH.

Our store will be closed for the day, July 4th.

J. M. BOSTWICK & SONS.

James Gibson, traveling passenger agent for the Northwestern was in the city this morning.

The injunction proceedings of the city of Janesville against the Chicago, Milwaukee & St. Paul road, before Judge Sale, were adjourned until Friday.

On Monday afternoon lightning killed eight sheep belonging to a farmer by the name of Orosby, living at Mount Zion.

## WILDER EXPOSES GOV. LA FOLLETTE

Madison Editor Says That Little Bob is Fortifying His Position by Putting Friends in Office.

The Milwaukee Sentinel publishes the following this morning under the date of Madison, July 2:

The thermometer registered over 100 on the streets of Madison today, but the mercury actually climbed out of the tube in the executive office this evening, when Colonel Murphy, the governor's fiery little secretary, read Dr. Amos P. Wilder's editorial in the State Journal explaining why the governor was making so many changes among office holders. The colonel considered the editorial ill-advised and ill-timed and said so with much emphasis. He wants the public to believe that the governor has had nothing to do with the appointments at state institutions, or in departments other than those directly under his supervision. It would, however, be exceedingly difficult to persuade eighteen old soldiers recently dismissed from the state service to believe this.

Dr. Wilder is believed to be in the confidence of the governor and, while he may have spoken inopportunely, and thereby aroused the ire of the little secretary, he has, nevertheless, apparently exposed the real motive of the governor in making the extraordinary clean sweep among office-holders under his control. It is known that the governor is being greatly bothered by a multitude of insistent and persistent office seekers. He has had over 5,000 applications for the 100 positions at his disposal. The irreproachable editorial in Dr. Wilder's paper is as follows:

"Governor LaFollette is making a good many changes about the capitol and in the state service. Governor LaFollette invariably installs his friends. He reasons that he has certain things to accomplish against fierce opposition, and he uses the appointive power to strengthen his fortifications. Civil Service reform is a good thing, but Governor LaFollette evidently proposes to fight one lion at a time instead of the full pack. He will either take up a state civil service when he feels more secure, or else leave it to some one else who has no nominating and tax reform to achieve."

### NORTHWEST MOUNTED POLICE.

Renowned for Their Bravery and Fighting Abilities.

When it is announced that Buffalo Bill's Wild West and Rough Riders are to appear here on July 23, and that one of the new additions to the exhibition is a detachment of Canadian Northwest Mounted Police, it must not be construed that they are anything like the mounted forces of the large cities throughout the United States. They are warriors and have just been among those of the late Queen Victoria's subjects in the war with the Boers.

This is the first time that these men have been induced to leave their Canadian homes, and they will be seen in their own style of riding, drills and sports. These police have for years enjoyed the distinction of being a terror to the Indian with whom much trouble was experienced a few years ago. So determined were the police to either exterminate the Indian, or subdue him to a peaceful state, that in many of the battles, hundreds were killed. The mounted police became famous, and their unique uniform, the same as was worn on the Canadian frontier, will be seen in the arena when the exhibition comes here. These men have all received special medals for bravery and services rendered the English government. Some of the drills participated in by these men will be a revelation to the American public.

Half the ills that man is heir to comes from indigestion. Burdock Blood Bitters strengthens and tones the stomach, makes indigestion impossible.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains, Dr. Thomas' Eucalyptic Oil relieves the pain instantly. Never safe without it.

"Little Colds." Thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds, cures big colds too, down to the very verge of consumption.

Itching piles? Never mind if physicians have failed to cure you. Try Doan's Ointment. No failure there. 50 cent, at any drug store.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such a condition should never be used except on prescriptions from reputable physicians, as the damage they will do is too fond to the good you can possibly derive from them. Hail's Catarrh Cure, manufactured by F. J. Hail's Catarrh Cure, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hail's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Hail's Catarrh Cure. Testimonials free.

Sold by druggists, price 75c per bottle.

Mrs. Nels Carlson is spending a few days with friends in Chicago.

**Cook's Dutchess Tablets.** Are successfully used by over 10,000 Ladies; are prepared by an old and experienced physician. Address: Dr. F. C. Cook & Co., 253 Woodward Ave., Detroit, Mich. For Sale in Janesville by R. J. Sarasy.

### FROGS RAIN DOWN ON CITY

Minneapolis Has Strange Storm of "Quackers" Covering Big Area. Minneapolis, July 3.—When the storm was at its highest pitch yesterday afternoon and the wind forced sheets of rain against closed doors and windows, the clouds assumed suddenly a cyclonic shape and turned dark and threatening in the northeastern part of Minneapolis.

All at once there appeared as if descending directly from the sky in the direction of the wind, a huge green mass, looking so much like a cyclone that the usual precautions for safety were made. When the storm abated and the wind ceased in fury, a surprising scene met the gaze of those citizens who threw open their windows and doors to get the benefit of the cool air.

Three inches deep and covering an area of more than four blocks was a collection of a most striking variety of frogs. So thick was the consignment of "quackers" that in some places on the sidewalks and in the streets navigation was impossible.

Mothers write us that they have solved the problem of keeping their children well. Give them Rocky Mountain Tea each week. A blessing to mother and child. Smith's Pharmacy, Kodak agents, Next P. O.

**Cure for Mosquito Bites.** Dr. Voges of the National Board of Health, at Buenos Ayres, South America, has lately been reported as the discoverer of an effective remedy for the poison of the mosquito bite. Dr. Voges was traveling in Paraguay and found that he was bitten a great deal by mosquitoes. He had along some naphthalene and in default of anything better rubbed the bites with this naphthalene. To his surprise he found that the fluid was almost a specific, neutralizing the poison at once and relieving the itching pain quickly. If fresh bites are rubbed with naphthalene the customary swelling does not make its appearance.

Miss Mamie McBride from Towanda, Pa., a resident here five years ago is visiting her father, I. A. McBride, on S. Academy street.

## What Is It?

A man who has been running a race with steam and electricity for years, finds himself suddenly stopped. It seems as if a cold hand clutched his heart. His brain whirls; he can hardly see. "What is it?" he asks himself as the attack passes.

If his question meets a right answer, he'll be told that his seizure is a warning to pay more attention to his stomach, which is already deranged by irregular meals and rich food.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and organs of digestion and nutrition. It eliminates from the blood disease breeding poisons. It makes the blood rich and pure, and furnishes a foundation for sound, physical health.

"About ten years ago I began to have trouble with my stomach," writes Mr. Wm. Connolly, of 515 Walnut Street, Lorain, Ohio. "It got so bad that I had to lay off quite often—two and three days in a week. I have been treated by the best doctors in this city, but got no help. I said I had cancer of the stomach, others catarrh, others dyspepsia. Then I wrote to you for advice. You advised the use of your Golden Medical Discovery and Pleasant Pellets. The medicines I have taken as directed. I commenced to get better from the start, and have not lost a day this summer on account of my stomach. I feel tip-top, and better than I have for ten years."

Keep the bowels healthy by using Dr. Pierce's Pellets. They don't gripe.

## HAPPINESS OR MISERY

Which? It depends upon the nerves. If they be sound and strong, you are healthy and vigorous. Your mind is clear, and you are happy. But if they be weak, you are nervous and miserable. Your mind is uneasy, and you suffer all the tortures of a doomed, nerve-starved man.

**PALMO TABLETS** rebuild the shattered nervous system, and cure all diseases arising from over-work, loss of sleep and excesses, and insure health and happiness.

50 cents, 12 boxes \$5.00. Guaranteed. Halsey Drug Co., Cleveland, O.

Smith's Pharmacy, Kodak agents.

## THE OBITUARY RECORD.

## Senator Kyle's Funeral.

Aberdeen, S. D., July 3.—The funeral of Senator Kyle will take place Thursday. The dead statesman was born in Xenia, Ohio. Starting as a teacher, after graduating in civil engineering at

## THE LATE SENATOR KYLE.

the University of Illinois, he took the degree of D. D. at Oberlin and became pastor of a church in Utah. Moving to South Dakota in 1886 he was elected soon thereafter to the state senate and in 1891 to the United States senate as a silver independent. Since McKinley's term began he had become a Republican and was a candidate for a third term. His term would have expired March 2, 1903.

## Curt Van Witsleben Dead.

New York, July 3.—Curt von Witsleben, the head of a firm of publishers of women's fashion journals, is dead at his home in Harrison, Westchester county, Mr. Witsleben was descended from an old noble family of Saxony. During the Franco-Prussian war he served as lieutenant, and was wounded at the battle of Sedan. He was 55 years old and was born in Dresden, Germany. He was educated at Heidelberg, Bonn and Leipzig universities. Twenty-five years ago he renounced his allegiance to Germany, and, coming to this country, started in business as a publisher.

## Pingree's Body Arrives.

New York, July 3.—The body of ex-Gov. Pingree arrived yesterday on the steamer Zealand. With the body came Hassen S. Pingree, Jr., who accompanied his father to England. The body will be taken from the ship at noon and will be removed to an undertaker's room until the committee is ready to ship it to Detroit. Frank S. Pingree, a brother of the late Mr. Pingree, Mayor William H. Maybury of Detroit, and R. G. Solomon of Newark, representing the Leather Dealers' Committee, were at the dock to meet the Zealand.

## Ringling Bros.' Circus.

The show-going people of Janesville and vicinity need hardly be told that Ringling Brothers' circus is to exhibit in Janesville on Tuesday, July 30. This fact is already apparent, for the city and country are veritable circus picture galleries. It is interesting to learn, however, that the show is larger and better than ever this year and that many new and interesting features have been added. This is especially true of the trained animal displays. Ringling Brothers have always been noted for their trained elephants. They introduced the famous Lochbart troupe of elephants to the circus-going public, and every year have added something new in the way of a trained elephant sensation. This season they present twenty of these big animals in one act. This is said to surpass anything of the kind ever offered the American public. O'Brien's famous horse act has been enlarged and is still a great card. Many other remarkable trained animal displays are offered. The menagerie is especially notable for the fact that it offers the only giraffe now known to exist. The performers number 300 clever people from all parts of the world; there is a new and gorgeous spectacular entry, a revival of the old Roman races on a tremendous scale and a new street parade. Ringling Brothers' circus is especially popular here and a great circus may be looked for with confidence.

Beginning on Sunday, July 7th the train on the C. M. & St. P. R. R. over the Janesville & Southeastern which now leaves at 7:35 a. m. will leave at 7:30 a. m. and arrive in Chicago at 10 o'clock. It will run every day in the week, and will make but five stops between here and Chicago, they being at Tioga, Watworth, Fox Lake, Long Lake and Gray's Lake. The 10:35 for Chicago will be taken off Sundays the 7:30 taking its place. The train from Rockford and Beloit that now arrives here at 10:05 a. m. will get here at 8:45 a. m.

## Benj. F. Pixley Dead.

Benjamin F. Pixley whose death occurred in Michigan several days ago, was at one time one of the most prominent citizens of Janesville. In the late forties and early fifties he was one of this city's leading business men, being engaged in the hardware business. He served the city as alderman and it is his name which appears on all of the maps of the city, designating the well-known Pixley & Shaw's addition. He took a prominent part in the early history of this city and his memory, together with that of all the pioneer settlers should be revered by the people who enjoy the city's prosperity.

## THE A. R. BREMER CO. CHALLENGES THE CITIZENS OF JANESVILLE

A PUBLIC TEST TO BE MADE AND THE RESULT TO BE PUBLISHED IN THIS PAPER.

This important challenge is not only to the citizens of Janesville, but to the entire civilized world. The public will be interested in the outcome of this contest to prove the great merits of their already famous discovery. The offer made by the A. R. Bremer Company in their challenge above alluded to is a plain and simple one. They assert that their discovery, the Dandruff Cure, will positively cure the most stubborn and common of all troubles, dandruff and falling hair, which 90 per cent. of the people are afflicted with. It is thought that the best possible way to publicly determine the merit of the Dandruff Cure is to give away to all those interested in this matter a sample bottle and to have it done in such an open manner that none can question the honesty of the test. A large number of samples have been sent to Smith Drug Co.'s Drug Store, and will be given out to all those troubled with dandruff, falling hair, or any diseases of the scalp. Apply Friday between 8 a. m. and 9 p. m. There will also be given to each applicant for a free sample a little book treating of troubles of the hair and scalp, which sets out in a clear, plain manner just such information as you want to know.

Bear in mind the free distribution at Smith Drug Co.'s drug store, will begin Friday morning at 8 o'clock and end Saturday evening at 9 p. m.

Entrance TO THIS RACE. 50 cents

Races owing to length of programme will be called at 1 o'clock.

Admission, 25 Cents.

Privileges For Sale.

Don't miss a good day's sport.

## Slow Healing Sores

With rich, pure, strong blood one is never troubled with sores or ulcers. A cut or any injury to the flesh heals in a few days, nature supplying the healing balm in the form of healthy, new blood; but when the circulation is tainted with poisonous germs, humors or any effete matter, a slight scratch or abrasion of the skin becomes a festering sore, tiny pimples grow to be boils, swollen joints and inflamed glands often break out into offensive, slow healing sores. A polluted blood is always a menace to health; not only does it keep the skin in a chronic state of inflammation, but every organ and fibre of the body suffers from an impure and sluggish circulation. You never feel well, you are not and never can be well until the system is relieved of its terrible load of impurities. With the blood so contaminated, so deeply poisoned, ulcers, boils and sores of every kind are apt to become chronic and often develop into Cancer.

Sores and ulcers are most often caused by poverty of the blood and a weak and slow circulation, brought on by long continued sickness, malarial poisoning, torpid liver, the use of mercury, or whatever is calculated to destroy the vitality of the blood, and break down the constitution. These old chronic sores last sometimes for years, eating into the flesh, muscles, tissues, and even down into the bones, and are such a tax upon the system that it is hard for the patient to recuperate, and a simple malady often proves fatal.

Nothing so quickly or surely restores lost strength and vitality to the blood as S. S. S. It is an antidote for the severest forms of Blood Poison, as well as the irritating humors that cause the eruptions and sores that sap your very life and so greatly disfigure you. S. S. S. is the only guaranteed purely vegetable blood purifier. It contains no mercury, potash, arsenic or other hurtful drug. It cleanses the blood and purifies the circulation, thus ridding the system of the impurities that keep the sores feverish and painful. At the same time your general health improves under the tonic effects of S. S. S., and the skin becomes soft, smooth and healthy. If you are troubled with boils, carbuncles, sores or eruptions of any sort, write our physicians all about your case; don't risk your own judgment when you can get medical advice from experienced doctors free. Book on Blood and Skin Diseases to all who desire it.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

### SAVES LIFE

Willard, Ill., August 1, 1900.  
I was in bad health this spring and could not sit up in bed for four weeks. When I was confined my child died. When I began to sit up I felt so weak and had such terrible pains in my back and hips. I had kidney trouble and falling of the womb. I also had hysterical spells. I was in a bad condition when I received your Ladies' Birthday Almanac and read the advertisement of Wine of Cardui and Theodore's Black Draught. Since April 20th, I have taken four bottles of Wine of Cardui and three packages of Theodore's Black Draught. I feel like a new person now. I can do all my work and can walk out to see any of my neighbors. I believe I would have been in the grave had it not been for Wine of Cardui. IT SAVED MY LIFE.  
Mrs. ALICE DAVIS.

It is well that women are more patient than men. Few men could bear the bitter pangs, the agony and distress that women endure. Thousands of women have come to look upon suffering as a duty of their sex. But there are many instances of this heroic fortitude which now renders unnecessary. Women need no longer suffer for modesty's sake. Wine of Cardui brings relief to modest women in the privacy of their homes. Many of the best homes in this city are never without this great medicine. It cures whites and falling of the womb and completely eradicates these dragging periodical pains. Mrs. Davis' cure shows you conclusively what you may expect if you follow her example and take Wine of Cardui. Theodore's Black Draught aids Wine of Cardui by regulating the stomach and bowels. When you ask your druggist for these medicines, be sure you get them. It was Wine of Cardui and Theodore's Black Draught that saved Mrs. Davis' life. Never take a substitute.

For advice and literature, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Company, Chattanooga, Tenn.
